Week 1 · Understanding Our Currency

Learner worksheet · Ages 8–10 · Explorers

Name: _____ **Date:** _____

My mission

Recognise rand and cents; count change; explain value.

Words to know

decision · plan · money — write one in a sentence:

Story challenge

A learner must make a careful choice with limited money. What should they do? What would you do, and why?

Let’s practise

You have 10 tokens. One pencil costs 4 tokens. How many do you spend, and how many are left?

Show your working:

Mini mission

Draw ten circles. Cross out four and count the circles you can still see.

Quick quiz

1. What is 100 cents called?

2. Explain one smart choice from today’s case.

3. Name one situation where you would use this skill.

4. Challenge: Make up one new example and explain the best decision.
